PREMIER VINYL RAIL

Tired of the rattles and squeaks of low-end railings? Xpanse Premier Series Rail is incredibly strong and durable. The elegant profile makes it ideal for residential and commercial applications that require a low-maintenance rail that looks like beautiful, hand-painted wood.

COMPOSICORE™ is a precision-engineered polymer containing no wood fibers or components making it the most water-resistant core available. Unlike wood or wood/plastic composites, COMPOSICORE will not absorb moisture, rot, cup, bow, splinter, stain, warp, or decay, and will resist mold and fungus.

FEATURES + BENEFITS

Stronger than vinyl and most wood composites

ICC code approved (AC 174)

Limited lifetime warranty

No rattling or squeaking

Never needs sanding, staining, or painting – will not splinter

Can't be attacked by termites or other wood eating pests

Brackets included in each kit

Post caps and trim pieces available

Architectural details on traditional rail

Brackets show no screws

Three baluster options

(1 3/8" square, colonial and 3/4" round aluminum)

Square and colonial post sleeves
